

TALISMAN SEWER ADD-ON

This place just got even slimier!

Thomas Eriksson

1 Introduction

This is an add-on to Peter Hansson's Sewer expansion, which you need to use this set. Get the Sewer here: <http://www.randomdice.com/games/talisman/sewers/> Great thanks to Peter for the inspiration. Great thanks to Jon New for help with images, and the new board. Thanks in advance to Alex Tsavalos for making a board that fits with his original Sewer board... you will eventually, will you not?

2 SETUP

Place the new board on top of the Sewer board, as the arrows indicate. Shuffle the new cards into their respective deck.

3 REGION

The add-on board counts as a part of the Sewer for all purposes.

4 MOVEMENT ON THE NEW BOARD

You can enter and leave the add-on board with normal movement as indicated by the arrows, or as a result of encounters on the cards. You may also leave from the Main Drainage space. When leaving with normal movement, you choose which way to go on the original board.

1. You can only go from the Hidden Passage to the Central Pipeline, not the other way around.
2. There are no Corresponding spaces between the new board and the City. So you cannot use

the Sewer Map to leave the new board, or any other instruction to use the Corresponding spaces rules. But if you have the Sewer Map and are standing on the Main Drainage, you may go to any of the alternatives on your next move.

5 Special Rules

- Detergents may be bought at the Town Square on the City board for 1 G.
- Any Skaven character may Evade the Rodent Pool. If you choose to roll the die you must accept the result. They may also take the Skaven Enemy card as their Follower. It adds 4 in the next Combat, after which it is discarded whatever the outcome.
