

Reaper Variant

“Robin”

October 7, 2012

1 Introduction

This variant aims to make the Reaper more lethal when there are not many players. One uses one or more of the stand-ups in place of the figurine.

- 5-6 players : no change to rules (you can use the green stand-up in place of the figurine)
- 4 players : use green and yellow stand-ups
- 3 players : use green, yellow and red stand-ups
- 2 players : use green, yellow, red and blue stand-ups

2 Placement

- Green stand-up : as per normal rules, on Power Portal
- Yellow stand-up : in the Cemetary Red stand-up : in the Plain space (three spaces from Tavern and City)
- Blue stand-up : in the Warlock's Cave

3 Activation

Stand-ups are activated when a player rolls the same die value as a stand-up in play. That stand-up moves and functions exactly like the Reaper in the usual rules.
