

# **NOBLEMAN**

Be the Lord of all you survey

*Carsten Both*

## **1 Introduction**

By Royal Decree, certain ranks of Nobility are now free for use by the "common folk".

Do not let your newly found Status go to your head!

Carsten Both (The Master Craftsman) has come up with a new Class of card for use with Talisman - The Nobleman. As you would expect, people of such high standing are allowed many privileges as they travel around the Land, looking down on all the commoners.

## **2 RULES**

1. You can pass the Town Gates without paying any Entrance Fee.
2. You do not need to pay to be Healed at the Castle.
3. You may add one to your die roll when you attempt to become the Sheriff, for Justice in the Royal Castle or for aid at Baron in the Village.

If the Prince or Princess is your Follower, you may have the same advantages as a Nobleman.
